

Linear has an angular appearance and shares many of the same design features as Harmony and Contour. These include a lateral fuse carrier, internal segregation between power and data and a double end cap system that has been designed to hide the fixing screws. Linear is fully compliant to current safety regulations.

Linear Power Module

Now with Type A&C Charger

Features

- Power and data cables all exit from the back of the unit
- Unit complies with BS 5733
- All standard options are supplied with a 1m mains lead to 3 pole connector
- Requires a separate mains lead if connected directly to a wall or floor socket
- Fixing via Linear top fixing and under desk C clamps or adhesive fixing kit
- All UK sockets feature integral fuses. Choice of 3.15A or 5A fuses are available to comply with BS 6396

Build it your way

Please see page 31 for more information.

Manage your energy

Configure to allow energy to be monitored and controlled with Footprint. See page 73 for more details.
*Please note that 6 tiles is the maximum with a maximum length of 362.5mm.

Cables: White and grey modules are supplied with white cables and black modules are supplied with black cables.

Data Cables: CMD cannot accept any responsibility or liability for providing category 6 performance in products supplied. CMD cannot accept any responsibility or liability for providing HDMI performance in products supplied over 5m in length.

Fuses: Only accessible after removal of equipment plug. Lead lengths shown will be the conductor length and not the distance from the end of the module to the plug. For example, a 3m prewired power lead will be approximately 2.875m as 125mm will be internal for the termination. This is also applicable for data leads. Data fascias may be subject to colour change.
